About IIMS

We have been offering our Management programme since 2007. Besides MBA the department offers Doctoral Research, Entrepreneurship programme, and Five Year Integrated BBA+MBA programme.

The department has good complement of qualified faculty members drawn from a variety of functional areas of management, with a mix of age, gender and region. A hall-mark of the institute is the excellent faculty-student relationship that fosters an atmosphere of open and frank dialogue. It is a place where faculty and students can be often seen working together on a variety of tasks.

MBA Programme

The two-year MBA programme and five- year Integrated MBA programme at Indus University offer unique technological advantage to our students. Management studies at IIMS are aligned with the technology and engineering learning environment at Indus University. They offer unique access to a blend of knowledge streams that feed the management programme to produce a distinct breed of business professionals. Our MBA students become part of a pan India ecosystem and are able to lead technology organizations and enterprises. The programme structure and curriculum have been created with inputs from leading management Institutions and industry.

Alumni Speaks.....
"Slowly Breaking the ice Sir !!!.. Lets hope for the best. Miss all the faculties and their guidance and wish that I could have been with you all !!!."

- Ritesh Pillai
MBA (Batch 2010-12)

Alumni Speaks.....
"I am really missing the college days and I am thankful to all my professors due to whom I am a step nearer to my dream. Still I have a long journey ahead, for which I would be requiring all your blessing and support."

- Satish Kshatriya
MBA (Batch 2010 -12)
